I came across an old circular from the Cincinnati Regalia Company that I am estimating to be from the first decade of the 1900s. One of the items advertised has the name and number of a Lodge that still exists in Ohio. Look at the prices!

Anybody out there remember the Knights of Pythias Courtesy Campaign? I found an old card with words of wisdom that are just as important and appropriate today as when this old card was originally printed.

Highway Courtesy Code

Before Driving an automobile, first become courtesy-minded. Safety for yourself and others is first a state of mind.

While Driving your automobile:

1. Think of others walking and driving on the highway.
2. Share your part of the road whenever necessary to avoid an accident. Remember, you can be right, but dead.
3. When following an automobile, be courteous to the driver in front of you; no bright lights; no unnecessary horn blowing; don't imperil both cars by getting too close.
4. When an automobile is following you, appreciate the perils ahead of you that the driver behind you may not see and do him the courtesy of signaling to him in apt time.
5. Do not drive so fast that you can not stop in the safe, clear distance ahead. Remember: SPEED is the greatest killer.
6. Remember: a courteous driver is always a safe driver.

Courtesy is Contagious
